Program: PG DIPLOMA IN INFORMATION TECHNOLOGY BUSINESS ANALYSIS

College: CONESTOGA COLLEGE, GUELPH

TERM: May 2022

SUBJECT: Statement of Purpose in Support of the Study Permit Application.

Respected Officer,

I, **Koripelly SahithReddy**, aspiring to study higher education in Canada. I have secured admission in **Conestoga college- Guelph Campus**,for pursuing post graduation diploma in **Information Technology Business Analysis-Operations**. Through this letter I wish to apply for the study permit required to begin my education in Canada.

As of now, I believe that I am entering the most crucial phase of my life, a phase during which I need to make an important academic decision that will have a bearing on my future life and career. After thorough introspection of my strengths and interests, I have concluded that a PG DIPLOMA in Cybersecurity is the most appropriate choice for me to provide a better height to my professional career.

Academic Accomplishments:

Now turning to my academics in detail, This virtue of my life led me towards good academics and success in the same. Overall, I have a great scholarly profile, Starting with my S.S.C schooling at **Keshava Reddy Educational Institution**, where I learned the value of hard work and perseverance. This led me to secure a moderate score of **7.8 GPA** in secondary examination (10th standard). I continued my further march of achieving decent scores in the higher secondary examination too. I got 93.2% with 'A GRADE' in my 12th standard.

Later, this served as a foundation for my studies in Bachelor's in **Information Technology** at **CVR College Of Engineering**, which ranks as one of the top accredited private college in Hyderabad.During bachelor degree, I studied various subjects like C Language,Computer Networking , Data Structures,Cyber Security, DBMS and so on. Additionally, In my last year

of undergraduation,I also worked on a Major project named “**Online Doctor Appointment Booking System** ” Using BlockChain Technology. My final year project was developed by 3 students, including myself. Being the leader of the project, I was responsible for its planning, execution, and presentation. I am pleased to say that we completed the project and our endeavour was even appreciated by external inspectors and by our university faculty. Gratefully, I cleared my Bachelor degree with **7.79** CGPA in the year 2021.

English Language Proficiency

On the **11th of November 2021**, I took the **IELTS Examination** and scored an overall band of 7 (**Listening-8, Reading-6.5, Writing-6.5, Speaking-6**) which qualifies me for an SDS Visa application.

Why Information Technology Business Analysis ?

I believe that this program will provide the knowledge of how to determine business requirements that drive IT-related projects. In addition, it will help to identify, analyze and design processes to improve the overall flow of information within the organization.

The curriculum enhances my knowledge in the areas of structure, policies, and operations of an organization. It also develops skills to identify, document, and implement IT requirements for any business obstacles.

Thus, I decided to study in depth further in this growing field of **INFORMATION TECHNOLOGY BUSINESS ANALYSIS** so that I can secure a reputed designation in any company back in my country by identifying and analyzing design processes within the organization.

Why CANADA?

I can do my Post-Graduation in Canada Institutes which are widely known for maintaining the quality of teaching and research. The course programs and certificates are thoroughly scrutinized by the institutes in Canada to maintain high quality and standards. The living standards in Canada are amongst the highest in the world. All Canadian institutes provide a dynamic, innovative and challenging environment in which one can nurture their talent and potential and get an opportunity to interact with students from different countries which will surely expose me to their cultures and ethics, as well as improve my communication skills.

I decided to pursue this course from CANADA because studying further from an international platform like CANADA is as same as a diamond plucked from a beach of pebbles. For me, it is a road map to my better future, a valuable blueprint that will provide me an opportunity to completely restructure my future. Additionally, Content is a crucial part of a rapidly growing IT

industry and studying the same program from Canada will surely widen my horizons in my profession.

Why Conestoga ?

The Post-Graduation in **INFORMATION TECHNOLOGY BUSINESS ANALYSIS** offered by the **Conestoga College** will undoubtedly provide me with the adept knowledge, skills, and expertise to exploit the opportunities to the fullest extent. Further, being guided by eminent professors and its unambiguous course outline would allow me to achieve my goals.

This particular course INFORMATION TECHNOLOGY BUSINESS ANALYSIS in Conestoga College includes Software Integration, SQL, Data Analysis, IT Management along with integrated case study will boost my knowledge and skills, This International PG course in this college will not only improve my skill set in my resume but also help me to explore my career in the field of Business Analysis.

The skills and knowledge gained from this program will allow me to develop a successful career through practical projects and In-class training. Moreover, the collaborative environment at Conestoga college gives me an opportunity to interact with talented peers and industry professionals.

Finance & Sponsor's Details:

I have paid my total first-year college tuition fee of 17,808 CAD\$ and I have deposited a GIC amount of 10,000 CAD\$ in CIBC bank for my living expenses. Total funds available as of date: 27,808 CAD\$ My father is Contractor and he earns nearly 24 Lakh Rupees per annum which is equivalent to 40,567 CAD\$. And I also have my personal savings of about 5 Lakhs Rupees which is equivalent to 8300 CAD\$. So, My family is well equipped financially to sponsor my education and entire expenses in CANADA.

Future goals:

On fulfilling the post-Graduation course requirements at the CONESTOGA College, I would like to return home as I need to look after my family and I very strongly believe that my attributes combined with management skills will ensure me great success and help me in securing job in leading organizations as there is lot of demand for Business Analysts in India. A few years down the line, when I have enough experience and resources, I would like to become an entrepreneur.

Conclusion:

Finally, I would like to pen down by saying that I feel this study experience will give an edge to my basics and provide a broader view about the advancement in Technologies, which I feel is very necessary to make a progressive mark in my professional career. On the other hand, I have a small dream tied up with my professional goals of providing my family with the best life

through what all I achieve and wanted to make them proud of my achievements. Therefore, further study in CANADA to me is a righteous platform to nurture my aspirations. I am sincerely thankful to you for your invested time and efforts to take a glance at my statement. With my positive attitude, I hope that I will get a positive response for my Study Permit Application.

Warm Regards

(SAHITH REDDY KORIPELLY)
